

MESSAGE OF MR. HÉCTOR CARDONA, PRESIDENT OF CACSO

Good News

The XXI Central American and Caribbean Sport Games, Mayagüez 2010 has overcome one of their greater obstacles thanks to the announcement of support of the Government of Puerto Rico.

The Governor of Puerto Rico, Luis G. Fortuño in its message of budget informed the Country, *“With the projects that we have thrown to run for the next fiscal year we managed to rescue the Central American Games Mayagüez 2010, to honor the international athletic community and to save the reputation and good name of Puerto Rico. We go to Mayagüez with pride, not only to support our athletes but to demonstrate to our Central American and Caribbean brothers that Puerto Rico knows how to fulfill its commitments”.*

The Special Commission that was named at the Ordinary Assembly in the City of Veracruz carries out an exceptional work thanks to the leadership of its President, Mr. Michael Fennell. This group of sportsmen did an excellent exercise of support to our Statutes and of the values that unite us as sportsmen.

To the members of the Executive Committee and the Commissions of the ODECABE we wished to express our deeper gratefulness.

We are sending the Reports of the Special Commission and of the CACSO Commissions of their last visit to the Organizing Committee, Mayagüez 2010.

See you in Mayagüez!

Sincerely,

Héctor Cardona
President
